

# 2024 WORLD OF WONDER

For students entering 2<sup>nd</sup> grade  
Students may take one, two or three classes.

**8:00 a.m. – 10:00 a.m. Class 1201 (Cara Heinemann)**

### **Building a Beautiful City: Adventures in Planning**

This class will take a creative journey to design and build our very own beautiful city. First, we will brainstorm and sketch city layouts and then use recycled materials to build model buildings and structures. Next, we'll work together to assemble an ultimate city layout. Then we'll also learn about famous cities around the world and what structures make them unique. Finally, we'll explore the variety of occupations it takes to keep a beautiful city running smoothly.

**10:15 a.m. – 12:15 p.m. Class 1202 (Lyndsey Forney)**

### ***I've Got Goosebumps***

Enter if you dare! Are you ready to embark on a thrilling escapade filled with ghosts, monsters, and mysteries galore? Join us as we delve into the imaginative realm of spooky tales with the Goosebumps series by R. L. Stine. Through interactive storytelling sessions and engaging activities, we'll explore the story structure and develop critical thinking skills. We will learn what elements make Goosebumps so scary, and use those elements to write our own scary stories!

**1:30 p.m. – 3:30 p.m. Class 1203 (Cindy Dollman)**

### **Counting Champions: What does it take to be an Olympian?**

Experience the excitement of the Olympics while honing your math skills. How high is the high jump? How fast is the fastest runner? Using measurements like distance, time, speed, our mathletes will find out what it takes to be an Olympian. Through a series of engaging activities, games, and challenges, we'll explore math concepts with an Olympic twist. But watch out! Not only will we find out who are the best of the best athletes in the world, we'll see if WE have what it takes to compete in our own summer-fun obstacle-course like activities each day!
