OLLI **IN-PERSON** & ONLINE

OLLI at Bradley is honored to celebrate Bradley's 125th anniversary in 2022.

This photo from 2015 illustrates our learning community's love of our host university.

WHAT IS OLLI?

OLLI is an acronym for The Osher Lifelong Learning Institute at Bradley University, an organization with an average of 1,000 annual members who want to stay vital and active as they reach and enjoy retirement. One of the best ways to do that is to keep learning, and OLLI offers many options to do so.

Our members enjoy the best of life-after-50 with a diverse collection of year-round programs, including non-credit classes, educational travel, study groups, and special events. Our online options allow members to learn via Zoom, a free and easy-to-use video conferencing program.

Please review our program offerings, both in-person and online, so you can pick what best fits your learning preferences, interests, and schedule.

Classes offer learning about the topics you choose, taught by engaging volunteer instructors, on a college campus, with people your age, and no tests or grades. Add time for socializing, and you have a sense of what we love to do. Classes meet at Bradley University on Wednesdays in April and October, and we're working on a new program format for January and February. Our Winter in-person classes provide a friendly, welcoming environment with free parking on campus. Hybrid and Zoom classes are also available.

Originals are exclusive talks with local leaders and businesses from the community and beyond. These one-hour sessions are a great way to stay informed about local issues, governmental updates, and business updates.

Study Groups offer opportunities to investigate topics in depth, and are your connection to studying what you most enjoy with people who share your enthusiasm. The groups are participation-based; the facilitators deliver core learning material, but all participants learn by sharing. Participants should expect to read, watch a video, or complete other independent study outside of each group session. Groups start at various times throughout the month, and usually meet for 1.5 to 2 hours for 4 – 6 weeks. Seats are often limited to 15 – 25 participants so everyone has an opportunity to actively participate.

Learning Trips enable members to interact with experts who offer behind-the-scenes looks at area businesses, and regional, national, and

worldwide attractions. Our online “Travel Beyond” trips let members travel virtually via Zoom. Our hybrid “Support Local” includes a curbside meal pickup followed by a Zoom presentation that allows members to go behind the scenes with owners and chefs.

OLLI Online programs are run via Zoom and include hybrid Classes, Originals, and Study Groups. This also includes our free online social events and Zoom training,

A LETTER FROM YOUR OLLI PRESIDENT

Hello to our current and future OLLI members,

Fall is here and we are so excited to bring you a robust offering of programs. The Continuing Education staff and the OLLI volunteer planning committees have been hard at work. We hope you are ready to get “back-to-school” with OLLI where there are never any tests or grades! We believe getting back in the habit of OLLI is good for both your mind and body, and we are happy to see so many members returning to in-person programming. If you are still hesitant to meet in person, please rest assured we are continuing our Zoom programming. The pandemic taught OLLI how to use resources outside Peoria and opened a whole new world of possibilities.

How did you learn about OLLI? Most members tell us that a friend told them about the program. Can I suggest that YOU be that friend? OLLI is such an amazing gift - it would be nice if we could distribute brochures with a bright red bow. OLLI gives us the ability to keep learning, meet new people, and make new friends. We get to learn about new places in our community, the state, and the world. I can tell you OLLI changed my life, and I will forever be grateful to the person that told me about OLLI. Pick up an extra brochure at our fall kickoff event or forward our weekly emails to a friend. Spread the word that OLLI has something for everyone. If every OLLI member told just one person about OLLI, think of the impact that could have on our friends, community, and our learning community.

Are you an OLLI regular? If so, then I ask you to take the next step and volunteer. How much time does that take? The answer is simple: as little or as much as you want. Offer to host an OLLI class in October or a study group this fall. If you want to be paired with an experienced host, just say so and you can learn the ropes. Do you wonder how we get so many amazing classes, study groups, and learning trips? Attend a curriculum, study group or learning trip committee meeting - you don't have to say a thing, just watch the process. Then, if you decide if you want to jump in, we'll be ready to get you involved. Do you have a hobby, talent, interest, or expertise that you would like to share with other OLLI members? Volunteer to teach a class or facilitate a study group, either on your own or with another volunteer. Contact the Continuing Education office at 309-677-3900 or olli@bradley.edu to share what you have in mind.

2022 marks the 125th Anniversary of the founding of Bradley University. Be sure to check out our events with the 125th logo and join OLLI in celebrating this special anniversary.

Dedicated volunteers and our amazing Continuing Education staff is what sets our OLLI above most others. In fact, we just won a WOO HOO award at the National Conference for Osher Institutes! What is a Woo-Hoo? It's an honor that recognizes unique and noteworthy programs offered by OLLIs across the country. Our very own OLLI at Bradley won first place for our support local program! Thank you to all of you for supporting our local businesses!

I am so proud to be part of our amazing OLLI. Enjoy this fall brochure, get ready for an amazing season of learning and socializing..

If you have served as a juror, witness, or defendant in a criminal trial, watched the reporting of a trial, or have been indicted (or expect to be indicted), then this course will certainly be of interest. Each plant has a preference for the type of soil conditions, sun exposure, and moisture requirements for a successful native garden. Ella will review her experiences as a beekeeper as well, discussing her work with native bees and honeybees. Wildlife in the garden provides interesting opportunities to view their behavior and may also be challenging for visitors. She will also provide an overview of the maintenance and pruning of plants that help keep a productive landscape.

Is it as simple as sticking your finger in the air, or is it more complicated? What is a normal day like for these forecasters? What happens when tornadoes, wind, and hail are moving through the area? In this class, staff from the NWS will explain how the forecast is generated, describe where the data comes from, describe a normal day in the office, and illustrate what happens when “bad” weather hits central Illinois. The NWS staff will also explain what you can do to be prepared before “bad” weather arrives and what you should do to protect yourself when it does.

4. How Social Media Changed TV and Culture Forever

Monday, December 5

11:30 a.m. – 12:30 p.m.

Peoria Next Innovation Center

In 2011, Donald Trump changed television forever. *The Comedy Central Roast of Trump* was the first major live broadcast to place a hashtag in the corner of the screen to encourage real-time reactions on Twitter; it generated more than 25,000 tweets, and set the stage for a decade of social media-driven experiments to the television experience. Join Bradley professor Cory Barker as he discusses his new book, *Social TV: Multi-Screen Content and Ephemeral Culture*, which traces the rise and fall of these experiments, which came to be known as Social TV. Barker will discuss how social media, mobile apps, and synchronized, multi-screen products aimed to control shifting consumer habits and, ultimately, led to the further embedding of promotional material onto every screen and into every moment of life.

Free member perk includes the presentation by Dr. Cory Barker, Bradley University Assistant Professor of Journalism. Bring your own lunch or register for a box lunch (\$15). Transportation not provided – meet us there. Parking is available in the Peoria Next lot.

We'd like to show our gratitude by offering three FREE Member Perks during the fall season:

STUDY GROUPS

Study Groups offer an opportunity to investigate a topic in depth. Most study groups typically meet once a week for four to six weeks.

1. The Life You Want: Confucius Speaks Tuesdays, August 30 – October 18 3:00 – 5:00 p.m. Bradley Hall 261

This study group will be part of a fall semester Bradley Honors Seminar, with first-year undergraduates. These questions will be considered through a close reading of the *Analects of Confucius*, a text that laid philosophical foundations in China much as Plato and Aristotle's works did in the West. We'll foster an intergenerational dialogue on questions at the heart of our humanity. Bring your seasoned wisdom, a healthy dollop of humility, and an OLLI super-size appetite for learning!
\$45 – facilitated by Dr. Dan Getz, Bradley University Philosophy and Religious Studies, trained in the religious/philosophical traditions of Asia.(RF/NG)

2. Is the Painting Good, Bad, or Great? Fridays, September 2 – 30 10:00 a.m. – 12:15 p.m. Peoria Next Innovation Center

During this study group we will discuss the often-hidden significance of paintings and learn their deeper meanings. Many details will be explored, including the artist's purpose in each painting. We'll also focus on the basic art elements of color, composition, and symbolism. During our exploration of selected paintings, we will use the knowledge we have gained to obtain a new level of art appreciation and understanding.
\$45 – facilitated by Jean Griffith, frequent OLLI Study Group facilitator and former assistant professor at Eureka College. (RF/NG)

Joyce and Walter Ely take it easy on a learning trip at Camp Big Sky.

3. Brooklyn: Scribe to Screen Thursdays, September 8 – 29 10:30 a.m. – 12:30 p.m. Peoria Public Library North

Join us for this scribe-to-screen study group based on *Brooklyn* by Colm Toibin, a coming-of-age story set in the 1950s of a young woman from Ireland emigrating to America. At our second meeting, we'll view the film of the same name, which tells the story of the protagonist falling in love in Brooklyn, and how she must choose between two countries and the lives that exist within them for her. We will focus on both the novel and the film, discussing the similarities and considering the complications of an immigrant's move to a new country.
\$45 – facilitated by Catriona Ritenhouse and Pat Pritchard, who have facilitated many scribe-to-screen study groups. (RFs/NG)

4. Wine is a Journey Thursdays, September 8 – October 13 Various Times and Locations

His research suggests that we are “predictors.” We invent the world we inhabit and make necessary corrections to our predictions as our interpretation of life unfolds. OLLI members will

Tuesdays, November 1 – December 13 (Skip November 22)

2:00 – 4:00 p.m.

W.E. Sullivan's Irish Pub, 4538 N. Prospect, Peoria

Join us as we read a wondrous mix of contemporary short stories, published between January 2020 and January 2021, all of which comment on or reflect the fragile times we have lived these many months but which somehow sustain us with their characters and events. Some characters are lovable, some flawed, and some dislikable. Read to see if you agree that their stories remind us to hope and love life. (Warning: these are not chicken soup for the soul...) As the late author Flannery O'Connor said a long time ago, "A story is good when you continue to see more in it, and when it continues to escape you." Facilitators Jane Hense, Wayne Cannon, Gary Nelson, Murv Pretorius, Sheila Hansen, and Roberta Koscielski will take us through two stories each week from *The Best American Short Stories, 2021*, edited by Jesmyn Ward, available at local and online retailers and libraries.

THANK YOU, OLLI DONORS, FOR A DECADE OF SUPPORT

Your gifts provided \$2,000 for the OLLI Student Volunteer of the Year Awards. Pictured are this year's winners, Brian Apostle, a rising senior mechanical engineering major, and De'Jah Donahue, a rising senior majoring in psychology in French, with OLLI Past President John Amdall.

More than \$68,000 raised in 2021-2022... and our new shuttles have arrived!

Thanks to YOU, we surpassed our annual giving goal for the tenth consecutive year - and our culture of giving is only getting stronger, as 57% of our membership gave back to our lifelong learning community. In fact, over the past decade, we've averaged a 32% donor rate - an incredible testament to our members, our volunteers, and your love of our program.

Here's how your support is benefitting you today (and sustaining OLLI for the future):

- Each year, we set aside \$13,000 of all gifts to save for the replacement of our two 14-passenger shuttles. The savings plan (and sale of our old shuttles) worked like a charm. Our old fleet has been replaced with two brand new shuttles that provide even more comfort and amenities.
- Your donations have defrayed the cost of our brochures, too; for the next two years, we will rely on gifts to cover the design, printing, and postage costs of our quarterly brochures until our program revenues return to pre-pandemic levels. The brochures are not inexpensive (costs average around \$10,000 per season), but they are needed to remind our current, future, and lapsed members that OLLI is back ... and better than ever.
- The Executive Committee voted earlier this year to use part of our reserves to help fund a new online registration system. This one-time investment is helping the Continuing Education staff design a dynamic, easy-to-use site that will launch this season. Please see page 30 for more information about our new shopping-cart-style system. We think you'll love it!

Our 11th year of annual giving officially begins with the OLLI Trivia Night Fundraiser (see page 9 for details). Help us make this night a success by bringing some friends to join your team, saving a seat for yourself, or spreading the word about our programming.

We are so grateful to have such a supportive, giving learning community. Thank you for strengthening our culture of giving, too.

Thank you!

Michelle Riggio
Michelle Riggio
Int. Executive Director,
Continuing Education

Thanks to your ongoing support over the past 10 years, we were able to replace our shuttle fleet in 2022.

ATTENDANCE

Please only attend programs for which you are enrolled. During classes, if you would like to leave one and choose an alternative class, please speak with staff at the registration desk before doing so. It is important that everyone who registers for a class have a seat.

CELL PHONES

Please silence your phone before every program. If you are using a cell phone or a tablet to take notes, make sure the key strokes have been silenced, too.

DIETARY CONCERNS

All OLLI programs will provide options for vegan, vegetarian, and gluten-free meals upon request. If you have a dietary issue, please contact our office at (309) 677-3900 at least two weeks before your program, so we can meet your dietary needs.

DRIVING ON TRIPS

We encourage all of our trip participants to use OLLI's shuttle transportation, as many of our trip sites have limited parking and require the group to arrive at one time. Plus, traveling as a group allows for more socializing!

GUESTS/INVITE A FRIEND

We encourage members to bring a friend to enjoy an OLLI class for one session at no charge. If you have a friend who has never been to OLLI classes and would like him or her to attend as your guest for one session, please contact our office at (309) 677-3900 at least one day in advance so we can have a list of available classes prepared for the visit. **It is important to reserve this privilege for those who haven't yet experienced OLLI classes.**

LEARNING ENVIRONMENT

OLLI subscribes to an environment of thoughtful discussion and mutual respect which is at the heart of a university-based experience. We value our participants and those who volunteer to share their time, talent, and organizations with us. These ideals enable us to enjoy the constructive exchange of ideas and remain informed and excited as lifelong learners. We embrace these ideals as a commitment to civility and academic freedom.

NEWSLETTER

If you share your email address with the Continuing Education staff, you will receive an e-newsletter every Tuesday and Friday. This e-newsletter includes information about upcoming OLLI events, Bradley University updates, and other news that may be informative to our members. To subscribe, please send an email to olli@bradley.edu.

PARKING FOR CLASSES

We offer a "park-and-ride" option so you can park in large lots near campus and enjoy drop-off service at the front door of the Michel Student Center. Information will be mailed with your class schedule.

If you choose to park at Shea Stadium, located near the Ag Lab at the corner of University and Nebraska avenues, a Peoria Charter Coach will transport you to and from campus. If you park at Westminster Presbyterian Church, 1420 W. Moss Avenue, the OLLI shuttle will transport you to and from campus.

Volunteer parking coordinators are located at both sites to assist you with your parking needs.

Because OLLI provides park-and-ride service, OLLI members are not allowed to park anywhere on campus (including the Visitor's Lot) or in Campustown. If you park in these areas and receive a ticket, you will not be eligible for an appeal and will be required to pay the fine.

CLASS PARKING PERMITS

For our members taking classes who have state-issued handicapped placards or license plates AND are physically unable to utilize our door-to-door shuttle service from Shea Stadium and Westminster Church, we have a very limited supply of handicapped-accessible parking permits for use during classes. At a cost of \$10 each, these permits allow you to park in a handicapped or white-lined space on campus for all four class dates. All requests must be made via telephone to (309) 677-3900 three weeks prior to the first day of in-person classes. When you call, please be prepared to provide your license plate number, your placard number and expiration date, and the make, model, year, and color of your vehicle.

PARKING FOR EVENTS, TRIPS AND STUDY GROUPS

Parking information for all programs will be provided with your registration confirmation materials. For learning trips, we provide reserved parking in the Campustown shopping center (across the street from Bradley), the departure location for our trips. Most study groups meet at locations throughout the Peoria area that have ample parking.

PERFUME AND COLOGNE

Many members have sensitive respiratory systems which can be exacerbated by strong odors. Please avoid wearing strong perfume or cologne.

PHOTOGRAPHY

Photographs are taken during all OLLI programs. Your registration gives consent for any such photographs to be used for advertising and publicity purposes by Bradley University, its licensees, and/or member organizations, and you waive all claims for compensation for such use or for damages.

QUESTIONS

OLLI loves questions! Please remember during our classes, groups, events, and on trips to keep questions brief and relevant during the Q & A allotted by the presenter.

REQUIREMENTS

There is only one requirement to participate in OLLI: you must have a love of learning! If you meet this “pre-req,” OLLI offers you a variety of learning experiences in a relaxed and friendly environment.

SCHEDULES – CLASSES

On the first day of classes, you’ll receive a name tag with your schedule.

SHUTTLES

Thanks to the generous donations of our members, OLLI owns two 14-passenger shuttles. We encourage all of our trip participants to use OLLI’s shuttle transportation, as many of our trip sites have limited parking and require the group to arrive at one time. Our class shuttles provide door-to-door service from our park-and-ride lots, which makes parking a breeze.

VOLUNTEERING

Volunteers play a vital role in OLLI operations, and volunteering is a great way to get to know other members and feel more connected to our learning community. The benefits of volunteering include the opportunity to share your experiences, develop new skills, contribute to OLLI’s success, provide input into our programs, and support our mission of lifelong learning. To learn more, please contact the Continuing Education office at (309) 677-3900.

WAITLISTS

Many of our programs, especially learning trips, fill quickly. If you find a program full at the time of your registration, please ask to be placed on a waitlist so you can be called when another member cancels or if we are able to increase the program’s seating capacity.

WEATHER

In the rare case that Bradley University is closed due to inclement weather, all OLLI programs scheduled for that day will also be cancelled. Please refer to local television and radio stations for closing information.

OLLI VOLUNTEERS – THEY GET THE JOB DONE!

OLLI volunteers are the heart and soul of our organization – thank you all very much!
